EARTHQUAKE STIRS UP LOS ANGELES

Greatest Damage Reported from Vicinity of Inglewood

WALSH OF MONTANA MAY BE GIVEN AN IMPORTANT POSITION

(By Associated Press)
SAN FRANCISCO, June 22.—While the hotel lobbies today began to take on the appearance of a national political convention, only a few democratic chieftains who will figure prominently in the party's quadrennial gathering had reached the city. Direct developments today were confined to physical preparations at the municipal auditorium. Work is well advanced, but there is much discussion as to the elements involved in shaping the party platform and strikingly little talk about candidates.

Out of the talk came an increasing number of wet and dry maneuvers. No definite statement is obtainable from the leaders who reached the scene of battle, but it was clearly indicated that they looked forward to a fight on the floor of the convention over efforts to make the platform advocate a modification of prohibition enforcement laws through a "beer plank." The League of Nations issue did not fill a prominent place in the discussions today.

There was no marked activity among supporters of men seeking the presidential nomination, although posters urging Palmer began to appear and workers for Cox and other aspirants are beginning to arrive.

It is said that if plans to make Senator Walsh of Montana, permanent chairman are not realized, he may be put forward as chairman of the committee on resolutions which frames the platform. Secretary Glass, of Virginia, has been heretofore the only one suggested for head of the platform committee. The largest influx of delegates is expected Friday.

RIM OF HELL OPENED FOR TOURIST TRAVEL

Southern Nevada is to become a summer resort. Death Valley is the objective. With a normal temperature ranging from 106 to 115 in the valley this does not seem possible but the Boosters Club of Beatty has found a way of attracting travel to the seclusion of creation and the lowest point in the United States by organizing a route that will give the tourist in search of fresh sensation the advantages of visiting Death Valley without incurring any personal hardships. The route proposed for the new line of travel is the Tonopah & Tidewater to Beatty and thence by stage line to Chloride, where from an altitude of 5600 feet the visitor may gaze down at the whole terrible expanse of the valley taking in a panorama stretching from Mount Whitney, the highest mountain in the United States with its snow clad summit rearing 15,000 feet above sea level, to the Colorado river marking the junction of California, Nevada and Arizona.

Frank M. Jenifer, traffic manager of the Tonopah & Tidewater, who arrived here last evening on a business trip stated today that his company would do all in its power to make the new adventure attractive especially since a number of tourist agencies are eager to find some novelty that would appeal to the jaded appetites of their globe trotting patrons. Death Valley, which is the most widely advertised spot on the American continent, has always been avoided for the reason that there was no way of taking care of travelers and it was not thought expedient as a business venture to offer any inducements for travel in that direction. The suggestion from the Beatty Business Men's Association, however, overcomes all difficulties and at the same time offers an opportunity for increasing

CHAIRMAN TO NOTIFY G. O. P. CANDIDATES

(By Associated Press)
WASHINGTON, June 22.—Committees which are to arrange details in connection with formal notification of Senator Harding and Governor Coolidge of their nominations as republican candidates, were named today by Chairman Hays. T. Coleman Dupont, of Delaware, is chairman of the committee to notify Harding and J. Henry Roraback, of Connecticut is chairman of the Coolidge committee. Harding will be notified at his home in Marion, O. July 22, and Coolidge at his home in North Hampton, Mass. July 27.

SEVERAL SLAIN IN IRISH RIOTS

(By Associated Press)
LONDON, June 22.—Firing was resumed in several parts of the city early today after a quiet night. Several persons were killed during rioting yesterday and scores were injured. Military are patrolling the streets.

KANSAS CITY DELEGATE WILL NAME McADOO

(By Associated Press)
KANSAS CITY, June 22.—Burrus A. Jenkins, clergyman and publisher of the Kansas City Post, issued a positive statement today that the name of William Gibbs McAdoo would be placed in nomination before the democratic convention when he consented or not.

(By Associated Press)
NEW YORK, June 22.—McAdoo today wired Burrus A. Jenkins, of Kansas City, requesting that his name be not suggested for the democratic presidential nomination. The message was sent on receipt of news that Jenkins announced that McAdoo's name would be played in nomination in San Francisco with or without his consent. "I urgently requested Mr. Jenkins not to present my name to the convention," McAdoo said.

TOURING THE DESERT ON A MOTORCYCLE

W. C. Schubert, engine-water tender attached to the U. S. Navy recruit service with headquarters in Salt Lake, arrived here yesterday afternoon by motorcycle coming from Elly stopping over at Nyala Sunday night. Mr. Schubert arrived yesterday afternoon at 4 o'clock and will continue on the Eureka some time tomorrow. The officer is here on a visit of inspection as required by the rules of the service but, if any applicants should want information he will take pleasure in giving it and vouching them up for the navy.

Mr. Schubert says the Nevada roads are splendid but the Utah roads are the limit.

CHINA RATIFIES PEACE WITH AUSTRIA

(By Associated Press)
PEKIN, June 22.—China's ratification of the peace treaty with Austria has been promulgated. It is held that this will entitle China to participate in the League of Nations.

FOURTH OF JULY FOR THE KIDDIES

At a meeting of the American Legion held last evening in Elks hall the proposed programme for a monster Fourth of July celebration was canvassed and it was resolved to restrict the entertainment to one for the children who will be provided with an abundance of good things and a varied line of sports to pass the time pleasantly.

1,700,000 OZ. SILVER BOUGHT BY MINT FOR \$1 AN OUNCE

WASHINGTON, June 22.—The director of the mint announced today the purchase of 1,700,000 ounces of silver at \$1 per ounce for delivery in Philadelphia and San Francisco.

SEN. HARDING MAKES A TALK ON SUFFRAGE

(By Associated Press)
WASHINGTON, June 22.—Senator Harding, on meeting a delegation of suffragists from 21 states and the District of Columbia, said he was greatly interested in suffrage. Nothing would please him more than ratification.

"This desire sincerely spoken does not conflict with my determination that I could not with propriety attempt to force any state executive to hasten action in violation of his own sense of duty." "If any state executive should ask my opinion I frankly will commend the thing you desire," the Senator said.

STRIKE MENACES QUAKER CITY

(By Associated Press)
PHILADELPHIA, June 22.—The railroad strike apparently, has been hooked here although the leaders say the big walkout will come Friday. According to railroad officials some strikers returned to their posts and there is a slight improvement in the movement of freight.

JOINT SURVEY OF WARD MINE

A joint survey has been arranged between the Eberhardt and the Eureka Hamilton at the old Ward mine which passed into the control of San Francisco capitalists some months ago. The terms are being arranged today at a conference between H. Z. Peters, the engineer and Thomas J. Lynch, secretary of the company and it is settled that the former will return to Hamilton to remain another month when the survey will be completed. The chief detail will consist in mapping out probable exploration of the Arkyle and Pocahontas orebodies and estimating the cost of connecting the Eureka Hamilton with the Eberhardt tunnel Wilbur Grant, the time expert said to represent the Doherty interests, has been on the ground for over a week engaged in making an extensive study of geological conditions.

In starting for Tonopah yesterday Mr. Peters encountered two ladies and a brother, all teachers from Nebraska, who were headed for the coast in a Chevrolet car. The latter proved fractious and insisted on falling down at almost every turn of the road so Mr. Peters remained with the tourists until he piloted them safely into Tonopah.

OMAR MARIS SUFFERS FALL IN A SHAFT

Omar Maris, one of the best known operators of the Manhattan district, suffered a serious accident this morning that may entail fatal consequences. Only meager reports were received here but from those it was learned that Mr. Maris in descending a shaft was overcome by gas and lost his footing falling to the bottom a distance of 60 feet. As soon as the sufferer could be raised arrangements were made to transport him to the Mills Operators hospital in Tonopah. The trip was made with Fred North driving the car. Mr. Maris is well advanced in years and it is feared that the shock will be hard to overcome.

NIGHT OF TERROR IN SOUTHERN CALIFORNIA CAUSED BY TEMBLOR

(By Associated Press)
LOS ANGELES, June 22.—Earthquake shocks starting about seven o'clock last night and continuing intermittently until 5 a. m. today caused property damage estimated at \$100,000, three fourths of which was in Inglewood, ten miles south west of this city. No one was hurt but one woman died of heart disease from excitement at Venice. The damage in Los Angeles is estimated at about \$20,000 due to falling chimneys, ornaments and breakable articles in stores.

The temblor that shook Inglewood, Los Angeles county, last night was Southern California's second experience of earthquake within three years. April 18, 1918 the towns of San Jacinto and Hemet, in River side county were severely damaged by a series of three shocks. The same disturbance was felt at Los Angeles where plate glass windows were broken. No earthquake of recent years approached the severity of the San Francisco quake and fire April 18, 1906, when the city was laid in ruins.

OREGON OASIS ENJOYS PARADE

(By Associated Press)
PORTLAND, Ore., June 22.—The former Shrine hands and patrols from many parts of the country paraded Portland streets today.

Seventy-three bands were at the line of march which was over three miles long. More than 75,000 visitors are here. The program today included 214 separate events.

AMERICAN LEGION STATE CONVENTION

J. R. Scruggs, department commander has called the annual convention of the American Legion, department of Nevada to be held at Lovelock, July 6th. The business of the meeting is to elect delegates to the national convention which will be held at Cleveland in September, to select a national executive committee, to elect officers of the department and to elect three members of the department executive committee. The membership drive will continue until two weeks prior to the convention. A representative to the Federal board for vocational training will confer with the department officers the evening before the convention is called to order.

PHOENIX GAINS 160 PER CENT

(By Associated Press)
WASHINGTON, June 22.—The census gives Phoenix, Ariz. 29,953, an increase of 160 per cent.

TAKES MONTANA APPOINTMENT

(By Associated Press)
BUTTE, June 22.—S. L. Lumbert, assistant professor of Stanford, has been appointed associated professor of geology at the Montana State School of Mines.

OMAR MARIS SUFFERS FALL IN A SHAFT

Omar Maris, one of the best known operators of the Manhattan district, suffered a serious accident this morning that may entail fatal consequences. Only meager reports were received here but from those it was learned that Mr. Maris in descending a shaft was overcome by gas and lost his footing falling to the bottom a distance of 60 feet. As soon as the sufferer could be raised arrangements were made to transport him to the Mills Operators hospital in Tonopah. The trip was made with Fred North driving the car. DANGER OF ORIENTALS ON COAST

(By Associated Press)
SAFRAMENTO, June 22.—Governor Stephens gave out the report of the State Board of Prisoners on Oriental questions which was delivered to him today. Only two days were made. The number was sent to Secretary Folger. The report shows 217 single spaced pages covering all phases of the problem. The report showed that most recent figures gave the Japanese increase since 1910 as 111 per cent. Chinese increased 272 per cent. compared with 1812 per cent. increase for the whites. The Chinese population increased about one half in the same period to 35,000. The Japanese increased about one third to 15,000.

RIGHT OF WAY FOR A HIGHWAY

As an executive decided in order of the Nevada Department of Highways on a licensing whereof Joseph Porter demanded payment \$1000 for a right of way across his ranch situated south of Beatty, a state Highway route No. 5. The disputed ground is part of the abandoned right of way of the Las Vegas & Tonopah railroad. Defendant contended that the use of this grade would cut his ranch up in several parts and thus cause damage. The strip is 2717 feet long and the grade will probably be raised from 18 feet to 20 feet. The department asked for an order to require the plaintiff and would such work as may be required for the easement sought. The court stated that the motion should be denied on the ground of faulty description. The second defect is that the map does not show the boundaries of the old railroad grade. Porter contended that the work would cut in his ranch and interfere with operation but the court held that the highway commission should in such matters through the grade. Porter was assessed against the plaintiff.

FRANK M. JENIFER, TRAFFIC MANAGER OF THE TONOPAH & TIDEWATER, MOTORED OVER WITH DAVE ASPLAND LAST EVENING FROM GOLDFIELD

(By Associated Press)
LOS ANGELES, June 22.—Another slight shock was felt here at 12 p. m. today.

MRS. NIXON HAS HUBBY JAILED

(By Associated Press)
SAN DIEGO, June 22.—County Attorney Laguna pushed equity to the charge of violating the city morals act. Sentence was deferred. Patricia was arrested on complaint of his wife, formerly the widow of the late Senator Nixon, of Nevada who now is suing him for divorce in Los Angeles.

DRIVE AGAINST PARLOR REDS

WASHINGTON, June 22.—Armed with legislative powers provided in recent legislation the department of justice officials have announced a new drive against radicalism. The order has been issued to all federal marshals and clerks to "keep a sharp lookout for any signs of radicalism or subversion in the country." "Thoroughly investigate any person or group who may be suspected of being a threat to the national security," the order states.

VIOLENT CLOUDBURST DAMAGES NAPLES

(By Associated Press)
NAPLES, June 22.—A violent cloudburst caused great damage in the city and vicinity Sunday when the rains of rain burst hill slopes accompanied by severe thunder and lightning caused the destruction of property.
